

Vocabulary is due at the end of each chapter - **neatly written on loose leaf**

Name: _____

Date: _____

Chapter Two – Working with Real Numbers (34)

1. closure properties
2. commutative properties
3. associative properties
4. terms
5. factors
6. reflexive property
7. symmetric property
8. transitive property
9. identity property of addition
10. property of opposites
11. additive inverses
12. property of the opposite of a sum
13. definition of subtraction
14. difference
15. distributive property of multiplication
16. equivalent
17. simplifying the expression
18. identity property of multiplication
19. multiplicative property of zero
20. multiplicative property of -1
21. property of opposites in products
22. consecutive integers
23. natural order
24. even integers
25. odd integers
26. consecutive even integers
27. consecutive odd integers
28. reciprocals
29. multiplicative inverses
30. property of reciprocals
31. property of the reciprocal of the opposite of a number
32. property of the reciprocal of a product
33. definition of division
34. quotient
